

## Job Description

**Position Title:** Health and Tech Educator

**Status:** Full-Time/Part-Time

**Dated Posted:** November 17th 2023

**Program:** Tech2Connect

**Company:** Sarsis Health & Tech Solutions

**Reports To:** Program Manager and Program Coordinator

### Position Summary

The Educator provides direct technology instruction to program participants at their homes, as well as resources for mental health and social engagement. Educators will go to a participant's home and teach an hour long class. During instruction educators will have to fill out google forms and documents.

### Tech2Connect

The Tech2Connect program is funded by the County of San Diego and aims to teach people how to use technology for social inclusion and well-being. The target population for the program is older adults and disabled individuals who are recipients of the In-Home Supportive Services (IHSS) program. Tech2Connect trains program participants how to use iPads and other mobile devices in order to increase social engagement and strengthen mental health.

### Education/Training/Experience

- Health, Health Administration, or Communications
- Bilingual preferred
- Effective oral and written communication skills
- Proficient in using technology, especially Apple iPads and iOS
- Ability to create and maintain accurate databases and files
- Demonstrates ability to provide individualized instruction to older adults and disabled persons
- Competence in Google Suite, Microsoft Word, Excel, and Powerpoint

### Essential Job Functions

- Provides technology training to program participants
- Attends program-specific education/training and staff meetings
- Uses effective organizational skills with the ability to prioritize duties
- Provides technical online or telephone support for program participants

**Requirements**

- Reliable form of transportation, since the position requires driving to participant homes in San Diego County

**Compensation**

- Hourly \$20/hr
- Paid holidays
- Mileage reimbursement
- Weekends off
